WEBSITE PRIVACY POLICY

POLICY:

New Pathways for Children (NPFC) has a privacy policy on all publicly accessible websites. This website privacy policy informs website visitors that any information the website or internet service provider collects, with or without their knowledge, will not be misused. [RPM 6.04]

PROCEDURE:

New Pathways for Children (New Pathways, we, us, or our) has created this Website Privacy Policy to assure visitors that we are concerned about and respect your privacy while visiting our website. New Pathways will not provide your Personally Identifiable Information including your e-mail address to anyone except our supporting organizations. Except as otherwise provided in this Privacy Policy, we will keep your Personally Identifiable Information private and will not share it with third parties, unless such disclosure is necessary to comply with a court order or other legal process; protect our rights or property; protect the safety and security of our other visitors; or enforce our Terms and Conditions. We will endeavor to assure that information you provide to us will remain secure. We want you to feel safe in your online experience while visiting our site. We therefore request that you take a moment to review the following information.

E-mail

On our website there are a variety of ways to interact with us that may require or request your Personally Identifiable Information.

Unsubscribing to E-mail: New Pathways wants to make it easy to unsubscribe to e-mails we send to you. Just look for the "Unsubscribe" link at the bottom of any e-mail we send and follow the instructions there. You can unsubscribe at any time for any reason. In addition, you may contact us at the address or phone number provided in the Contact section below.

Your friend's e-mail address

From time to time, we may offer you the chance to send an article or a note to someone else telling them about the site. Your friend's Personally Identifiable Information is also covered by this Privacy Policy.

We will use your friend's e-mail address to send the specific message you asked us to send. We will not contact your friend again unless he/she voluntarily subscribes to our services.

We recognize that there are some people who may abuse our "send to a friend" system to send e-mail to persons who are not truly friends and who do not want e-mail from us. Though minimizing such risks is important to us, we still consider this service important enough to offer it.

Collection of Information

We sometimes ask that you provide us with Personal Information while online. The type of Personally Identifiable Information we collect typically corresponds directly to a request you make. For instance, you may make donations, offer thoughts, enter contests, or request resources. We also use this information internally to improve our site. If you provide Personally Identifiable Information to us, we understand that to mean that you consent to our retaining and using such information as stated in this Privacy Policy.

Our site may provide a feature whereby individuals, including children, may send an online greeting card via e-mail. We require the sending individual to provide his or her e-mail address in order to send the card as if it came directly from them. That e-mail address is not retained after the card has been sent.
